

# 50 years of HOPE and health in Europe

At the occasion of its 50th anniversary, HOPE published in May 2016 a brochure on 50 years of HOPE and health in Europe.

This publication covers the past fifty years from the perspective of HOPE, the European construction and health in Europe. It aims at giving a brief picture of the major changes that took place, as well as serving as a milestone in the history of HOPE.

Read the brochure online at this [link](#).

A paper copy of the brochure can be ordered by email to [sg@hope.be](mailto:sg@hope.be).
